LtCol Matthew Clinger

Areas Where Industry Can Help

► **Systems that work first in the "Fighting Hole" and then back "to Flagpole"**

► **Increasing cyber requirements and fiscal constraints requires delivery of more affordable capabilities in shorter timeframes**

► *Cloud and on-premises solutions for data center migration*

  ► **Application Development and Test Environment**

  ► **Consolidated post deployment software support**

► **Identify cost effective means to automate information technology delivery**

► **Unification of legacy networks**

► **Improved management of mobility solutions (both government owned and BYO)**

► *The desired result is an increasingly integrated IT environment*
